

Greenways Carer Newsletter

Edition 21
Dec 2020

COLLEGE CENTRE FOR
QUALITY IMPROVEMENT

Welcome to the December edition of our carer newsletter. Whilst we all continue to find ourselves in unprecedented times due to the Covid-19 pandemic we would like to assure you that we are following Infection and Prevention Control guidelines to protect our patients and everyone visiting Greenways. Easy ready information has been made available to our patients to help them understand the current restrictions and staffs use of PPE.

Greenways meetings have continued to be conducted by teleconference. This is in an effort to limit visitor contact within Greenways. We would like to take the opportunity to thank you for your cooperation during this time.

Staff are currently in the process of completing their own one page profiles. These will be put in the reception area to read so that you can get to know a little more about our staff.

We have recently had some outdoor gym equipment installed together with a new trampoline in our gardens.

We have welcomed new staff to our team, with our patients involved in the recruitment process.

We continue to strive to provide the best service and care that we can to our patients, with that in mind Ann-Marie Taylor , as part of her Engagement and Participation role, is collating feedback from family and carers about our service.
Stay safe, stay well, from all at Greenways.

Trying out the new gym equipment.

Making chocolate cakes

Planting flower seeds
