

Greenways Carer Newsletter

Edition 18
March 2019

What's been happening?

COLLEGE CENTRE FOR
QUALITY IMPROVEMENT

Welcome to the spring edition of our newsletter.

This year we celebrate 100 years of learning disability nursing and we couldn't be prouder of our achievements over the years. As always we continue to strive to provide the best service we can.

Lesley Gledhill (participation and engagement lead) recently met with some of our patients' families and gained feedback about our service and patient review meetings. We greatly appreciated the feedback. We are continually seeking different ideas so that we can gather feedback to improve our service. As always there is a comments box in reception, which has recently been revamped by Kathi Williams.

In January our two nursing students and one of our patients attended Chester University to take part in a rock painting activity. This was organised to celebrate 100 years of learning disability nursing. All who attended the event enjoyed themselves.

On Thursday 21st we supported World Down Syndrome Day by wearing odd socks.

This year we also celebrate 10 years since Greenways first opened its doors in November 2009.

Our sensory garden (overlooking the car park) is now officially in use and will be a lovely outdoor area to sit in during the coming months.
