PROSPECTUS FOR SEPTEMBER 2017 TO MARCH 2018

Care • Well-being • Partnership

WELCOME TO CENTRAL AND EAST RECOVERY COLLEGE

What is a Recovery College?

We run educational workshops about mental health conditions and ways to improve your wellbeing. Our aim is to provide you with the skills, knowledge, and understanding to help you live a more fulfilled life and to self-manage yourself and your conditions. We work in a group setting using the experience of peers and professionals alike.

Who can attend?

- Anyone who is over 18 and currently accessing CWP secondary services.
- People referred to us from IAPT or the Gateway teams in the Crewe or Winsford areas. **Being referred through this pathway, or via the Single Point of Access team, gives you access to one term's worth of courses.**
- Anyone who is a family member or main carer for any one using the services detailed above.
- Anyone who is a CWP Staff member or volunteer.

How to I book onto a workshop?

To attend any of our workshops, you need to fill in the enrolment form on the back page of this booklet. This can then be sent to:

Central and East Recovery College

WORKSHOPS THAT WORK FOR YOU

Some of our courses are more intensive than others. Some take place over a number of weeks, or have lots of interactive content, or demand a high level of concentration. You may want to think about this when choosing your workshops.

Each workshop is colour coded, and we have provided an explanatory guide below.

Advanced:

These workshops require more interaction and concentration from participants. They may take place over a longer period of time, and you may need to carry out activities between sessions.

Intermediate:

These workshops are slightly more demanding. You may be required to attend more than one session, and there may be some interactive activities.

Basic:

Basic workshops require less time, interaction, and concentration. They are an excellent introduction into the College.

More information about our workshops can be found over the following pages. Once you know what you'd like to attend, please fill out the enrolment form on the back page.

REGISTER YOUR INTEREST

The following workshops are coming soon. Let us know you are interested by contacting us on ce.recoverycollege@cwps.nhs.uk or **01625 505647**, or by including the workshops on your enrolment form.

Shared Decision Making

The main theme of this workshop—which looks at ways of working well with healthcare professionals, and rights and responsibilities of in mental healthcare—is ‘No Decision About Me Without Me’.

Peer Support

This workshop explains the benefits of discussing mental health with those who have shared, lived experiences, and how Peer Support volunteers are important to the Recovery College.

Care Planning

A care plan is a statement of support made in partnership with your mental healthcare team, which can help you manage your long-term care in a way that is clear and easy to understand.

Your Recovery Story (CREWE ONLY)

This workshop aims to create a supportive environment where people can share stories about their recovery.

Singing and Instrumental Workshop (CREWE ONLY)

Recent research has shown music has various benefits for your mental health and wellbeing. This relaxed workshop is open to all, regardless of skill.

NOT SURE WHERE TO START?

Sometimes when you're unwell goals are difficult to identify; let alone figuring out the steps to get you there.

At the Recovery College we can help you break down this task by working with you to create a learning plan.

WHAT IS A LEARNING PLAN?

A Learning Plan is a tool to help you identify your goals, so you can get the most out of your time at the Recovery College. After these goals have been set in place, the Learning Plan helps make a pathway to reach them.

To create your Learning Plan, you will have a one-to-one appointment with a member of Recovery College staff called a Pathway Planner.

WHO IS A PATHWAY PLANNER?

A Pathway Planner is a member of staff or a Peer Support Volunteer, who can help you set your goals and give you some ideas to help you reach them. This can involve suggesting workshops to attend at the college.

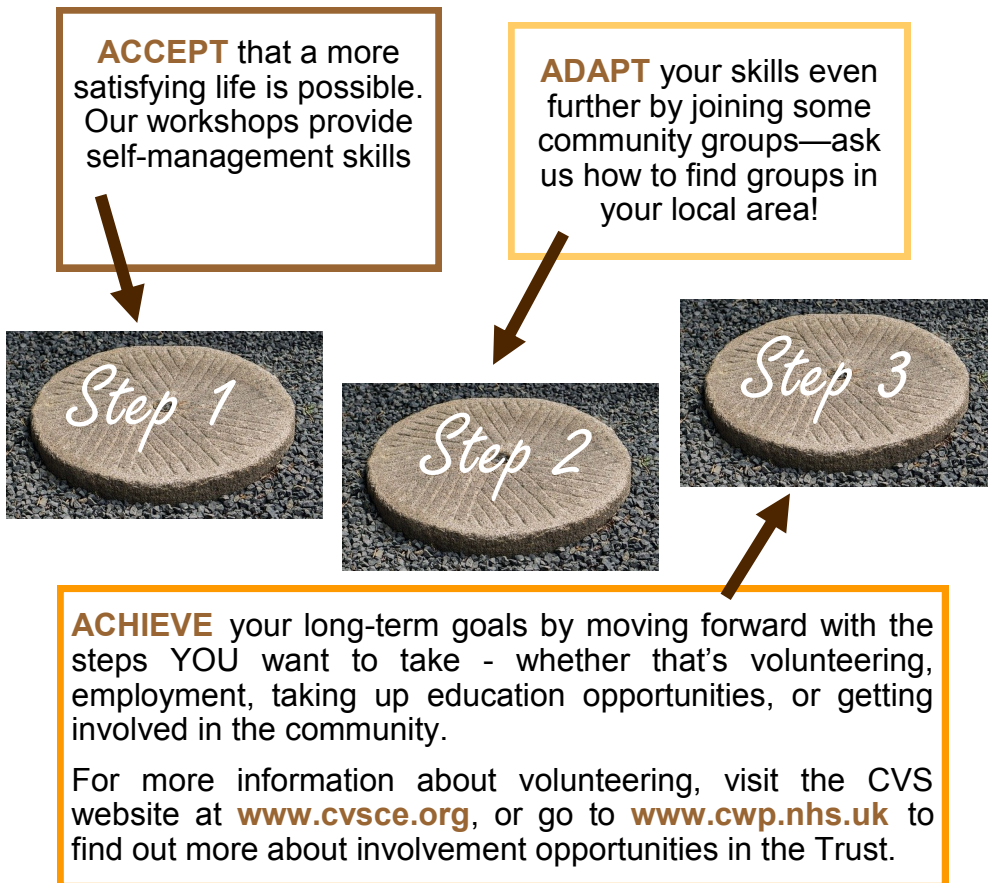

Remember: the Pathway Planner is only here to help and guide you. The ultimate journey is for you to decide!

STEPPING STONES TO YOUR RECOVERY

Developing the skills you need to manage your condition(s) and practice self-care is a process, and it's different for every person.

At the Central and East Recovery College we think of this learning process as a journey. While every journey is different, most have maps and guides to help you on the way. Here is our suggested three-stage Stepping Stone approach to aid your Recovery journey.

Not sure where to start? Ask a member of Recovery College staff for a learning plan. There's more information about learning plans on page 7.

DISCOVER YOUR OWN RECOVERY JOURNEY

What is this workshop rated? BASIC.

What will I learn in this workshop? Recovery is an individual process—driven by agency, opportunity, and hope.

You may be asking yourself “What do those words mean? How could knowing what those words mean help me?”

This workshop explores definitions of recovery, how to build your life around a definition YOU find meaningful, and how the Recovery College and other organisations or services can assist you in your journey to a better you.

DRAMA FOR WELL-BEING

What is this workshop rated? BASIC.

What will I learn in this workshop? Self-expression and communication are important needs in our lives—but they’re not always easy skills to develop. Drama is a good way to practice those skills by exploring our feelings, working with other people, and stretching our imaginations—and a great way to have fun!

This brand new workshop aims to demonstrate how drama can help us strengthen our understanding of emotion, improve self-expression, and work cooperatively in a group.

GOAL SETTING

What is this workshop rated? BASIC.

What will I learn in this workshop? Goal Setting, Action Planning and Problem Solving are all techniques that can help to motivate us to achieve things. During this session you will learn the importance of all 3 of these tools, as well as implement them for your own goals. There will be opportunities to identify your own goals, create an action plan to move forward with it, and problem solve some barriers that may be stopping you from completing your plan.

The workshop is interactive, discussing what an effective goal is, sharing tips and tricks to help complete goals we set, and working together as a group to problem solve.

INTRODUCTION TO WRAP

What is this workshop rated? BASIC.

What will I learn in this workshop? This workshop offers an introduction to the Wellness Recovery Action Planning process, or WRAP for short. WRAP is a self-management strategy designed by mental health advocate Mary Ellen Copeland, from her own experience of living with a long-term mental health condition.

The first session will provide an overview of WRAP, enabling you to explore this tool and consider if it could benefit your own recovery.

The second sessions is an opportunity to get creative and make your own Wellness Recovery Action Plan, which can be used by yourself or others in the future to help support your wellbeing.

LIVING WELL WITH DEMENTIA

What is this workshop rated? BASIC.

What will I learn in this workshop? If you are a carer for someone with dementia, you may find this series of five educational workshops useful. The workshops provide straight-forward information about dementia, and offer practical advice and strategies for friends and family. There is also a well-being session run for people living with dementia.

We acknowledge that there are many different types of dementia and some people have multiple diagnoses—this is reflected in our workshop resources.

THE READER

What is this workshop rated? BASIC.

What will I learn in this workshop? Back by popular demand, The Reader is a shared reading group where you can read and relax. Shared reading has been shown to help with memory, concentration, confidence, and relaxation. We will read everything together in the group, so there's no homework! You don't need to be a confident reader to join in, or even a reader at all. You can sit back and listen, or try reading aloud. Tea and refreshments will be provided.

THIS IS ME: ONE PAGE PROFILES

What is this workshop rated? BASIC.

What will I learn in this workshop? “This Is Me” looks at a recovery tool called a One Page Profile. A One Page Profile captures all the important information about you on a single sheet of paper under 3 simple headings:

- What people appreciate about you
- What’s important to you
- How best to support you.

This tool can be used by yourself, or shared with other people such as family, friends, health professionals. This will provide people with a greater understanding of you and how best to support you.

UNDERSTANDING MINDFULNESS

What is this workshop rated? BASIC.

What will I learn in this workshop? These Mindfulness workshops look at focusing attention and awareness, based on the concept of mindfulness in Buddhist meditation. It is not intended to conflict with any personal beliefs, tradition, religious, cultural or scientific viewpoints. It is simply a practical way to notice thoughts, physical sensations, sights, sounds, smells - anything we might not normally notice. Once mastered, it can help increase awareness, clarity and acceptance of our present-moment reality.

YOGA

TRY SOMETHING NEW!

What is this workshop rated? BASIC.

What will I learn in this workshop? Yoga is an ideal and gentle way to practice relaxation, exercise and mindfulness. This new workshop looks at three different practices. Please be aware eligibility criteria applies, therefore register your interest and we will let you know if your place has been accepted.

ministry of yoga
and well-being

Yogic Practice	More Information
Hatha	Experiment with techniques for transitioning between poses, ensuring comfort and stability. The teacher and participant will discuss the different aspects of Yoga that help to develop sensitivity to the more subtle sensations in the body. Breathing techniques and meditation practices will also be explained, to support the Yoga Nidra and Yin Yoga classes.
Nidra	By following a guided systematic relaxation that starts in the physical, then becomes more subtle, focusing on visualisation, sensations, memories, we can go beyond just relaxing the physical body and move into releasing tension within the subconscious and unconscious mind. The practice involves lying down in savasana (on your back), with props if needed, and remaining still.
Yin	Yin is a slow paced style of Yoga, enjoyed mainly in floor based postures, working with our connective tissues (our joints and ligaments). Over time, it can increase flexibility and mobility. Yin Yoga is also a way to practice Mindfulness, by guiding us on a journey inwards, calming the nervous system, focusing on the breath and calming the mind.

BELIEVE IT OR NOT!

What is this workshop rated? INTERMEDIATE.

What will I learn in this workshop? Thanks to the Internet, we have unprecedented access to information and communities about mental health. Unfortunately the Internet can also make it easier to find inaccurate or harmful information, which can limit our understanding of mental health.

This workshop looks at how misinformation can go viral, offers ways to evaluate the usefulness of websites, and looks at techniques to practice self-care on the Internet. We avoid providing a 'safe list' of websites to get information from, but we do introduce you to a range of critical thinking and research skills to help you make judgements that are best for you.

MANAGING BIPOLAR DISORDER

What is this workshop rated? INTERMEDIATE.

What will I learn in this workshop? Bipolar disorder is characterised by extreme changes in mood. Everyone has mood swings; however, in bipolar disorder a person can quickly experience a spectrum of moods from euphoria and excitability (known as mania), to depression that can last longer than average ups and downs. Some people may see or hear things that others don't (hallucinations), or have unusual beliefs (delusions).

The aim of this workshop is to explore the common features of bipolar disorder, understand the triggers that can bring on an episode, and look at the available treatments and medications.

MANAGING MY MENTAL HEALTH WITH MY CONSULTANT

What is this workshop rated? INTERMEDIATE.

What will I learn in this workshop? The relationship with your psychiatric consultant is a key part of your care. Like all good relationships, this relationship is a two-way street. It may benefit to know how to ask questions, how to learn more about your treatment, and how to become an active participant in the treatment planning of your care. If you want help to do this, as well as support on how to express your meaning with more clarity and confidence, then attendance at this workshop is a must.

ANGER MANAGEMENT

What is this workshop rated? ADVANCED.

What will I learn in this workshop? Anger is a normal, healthy emotion. It is a natural response to feeling frustrated, criticized, insulted, hurt or betrayed. Anger itself is not the problem, but how we deal with it can be, if feeling angry makes us act in a damaging way towards ourselves, others, and/or the world around us. Learning strategies to help manage our anger can have a positive effect on our lives and the lives of others.

In this workshop we will aim to understand more about anger; recognize anger signs and triggers; identify the factors which can make anger worse; and consider strategies that can be used to manage our anger better

For more on anger management, the mental health charity **Mind** also has some information available on their website at www.mind.org.uk

IMPROVING ASSERTIVENESS

What is this workshop rated? ADVANCED.

What will I learn in this workshop? Assertiveness is not about aggression or conflict. Instead it's about finding the right tools to solve problems in a non-confrontational way. If you wish you had more confidence to handle difficult situations in your life effectively, or you feel you have trouble saying "no", this workshop may help you learn those skills.

Please note that this workshop is intensive. Participants will be expected to engage in role play, group discussions, and personal reflection, which some students may find challenging.

MANAGING PSYCHOLOGICAL DISTRESS

What is this workshop rated? ADVANCED.

What will I learn in this workshop? This course examines the meaning of psychological distress and how it can manifest in multiple ways and at different levels of severity, sometimes leading us to develop and use coping strategies that are unhelpful and could potentially lead to damage longer term. The course aims to explore alternative, more effective and healthier coping strategies that may help us in times of extreme stress and emotion.

EXPERT PATIENTS PROGRAMME

What is this workshop rated? ADVANCED.

How much time does this workshop take? Six 2.5-hour sessions.

What will I learn in this workshop? The Expert Patients Programme is tailored to the needs of adults living with long-term physical or mental health condition(s) and their carers. **Anyone living in the South Cheshire or Vale Royal areas can attend.**

The Programme focuses on self-management techniques which are designed to help people improve their quality of life and take control over the personal situations and experiences. Subjects that are discussed in the workshops include managing depression, relaxation, planning for the future, problem-solving, and developing improved communication skills.

The Programme is made up of two courses:

- **Living With Long-Term Health Conditions (LTHC)**, designed to help adults who are living with physical or mental health conditions
- **Looking After Me: A Course For Carers**, designed to help adult carers of people living with physical or mental health conditions.

Each course runs for six weeks, and is led by volunteers who themselves live with long-term health conditions and have attended the Expert Patients Programme in the past.

To gain the most from this course, you should be comfortable with being in a group and concentrating for extended periods of time each week.

If you are interested, please phone the EPP team on **01625 505617** or at **EPPC@cwpc.nhs.uk**, or look at the course details on the next page.

- Switch your mobile phone to silent.
- Smoke off-site as we are a smoke-free Trust.

Crisis Contacts and Information

Sometimes a crisis arises unexpectedly or the usual support is not around. If you have a care coordinator, such as a CPN, they are normally your first point of contact. If they are not available, then a duty CPN is offered.

If your crisis occurs out of hours—at night or weekends—or if you are not registered with mental health services, you can call the following:

NHS 111	Freephone: 111
SANE	Telephone: 0300 304 7000, 6.00pm – 11.00pm
Samaritans	Freephone: 116 123
