WHO ARE WE?

Wirral Education for Wellbeing students come from all across the Wirral from Wallasey to Bromborough and West Kirby to Birkenhead.

All our students have one thing in common; they have experience or are supporting someone who has experience of mental health challenges and are looking to learn more about their mental health and find tools to support them to live well.

CO-PRODUCTION

A key value for Wirral Education for Wellbeing is delivering a programme that focuses on and is shaped by the experience of our students. As such, we strive to ensure that students have a strong voice in the development of the service: from the information put in our prospectus to the colour of the walls of the training room.

All of our courses and workshops are developed by professionals and students or volunteers with experience of living with long-term mental health challenges.

The process of involving student voices in the development of the service and sessions is called **co-production**.

STUDENT PROFILE ABOUT EILEEN ..

My recovery journey so far ...

I started at Wirral Education for Wellbeing this year. I have found it exciting and also helpful. It's helped me with my mental health problem by doing multiple courses. I have met a lot of lovely people along the way, with the same problems. I am not alone anymore! This has made me confident enough to apply to become a volunteer. In the future I would love to become a facilitator in addiction or anything to do with mental health.

My Perfect Day would be relaxing in the sun

My favourite music is relaxing trance

My favourite book is The Secret

My hobbies are looking after people with addiction, and fitness - I like to exercise

People say I am brave and strong

WHO ARE WE? VOLUNTEERING

Why volunteer? Volunteering is an excellent way to:

- Meet new people
- Practise skills you have, as well as learn new skills
- Get experience for your CV
- Become more confident
- Share your knowledge and lived experience
- Keep to a daily routine
- Give something back to your community
- Thank people who have cared for a family member or friend

At Education for Wellbeing volunteering opportunities vary and you can choose what to do around what suits you! If you would like to build your confidence we recommend volunteering to **Meet & Greet** students but there are also opportunities to develop and **Co-facilitate** workshops if that is something you'd prefer.

To ensure you feel supported you will receive training and regular supervision to support you in your role as a volunteer and help you to set goals for outside Education for Wellbeing.

If you are interested in volunteering with Education for Wellbeing, do call the office on 0151 488 7250 and ask to speak with Alex Palmer.

WHY VOLUNTEER? WHAT OUR VOLUNTEERS SAY ...
