

Greenways Carer Newsletter

Edition 20
May 2020

COLLEGE CENTRE FOR
QUALITY IMPROVEMENT

Welcome to the May edition of our carer newsletter. Whilst we all find ourselves in unprecedented times due to the Covid-19 virus we would like to assure you that we are following Infection and Prevention Control guidelines to protect our patients. Staff have the necessary personal protective equipment (PPE) to use to help protect both patients and staff. We have explained the PPE that we are using to patients, and have used social stories to explain why we need 'to stay at home'.

As you are aware CWP meetings have been conducted by teleconference. This is in an effort to limit visitor contact within Greenways. We would like to take the opportunity to thank you for your cooperation during this difficult time. We do hope that you are finding your relatives facetime calls enjoyable and the phone calls and letters comforting.

You will be pleased to hear that following recent government and CWP Trust guidance we are now in a position to re-introduce family visits again to Greenways. Please find attached letter for further information and guidance.

On Friday 8th May, like many people across the country we celebrated VE Day. The sun was shining and we were able to spend time in the garden enjoying games and music followed by afternoon tea. Both patients and staff really enjoyed this event. We hope you like the pictures of what we've been doing.

Stay safe, stay well from all at Greenways.

Helping people to be **the best they can be**
