

## PERSON CENTRED FRAMEWORK

Helping people to  
be the best  
they can be

@ExperienceCWP  
@cwp@Team  
@cwphs  
@cathy.walsh123

### What is person centredness?

It's about connecting with people and getting alongside to understand what matters to them.

### PERSON CENTRED FRAMEWORK

CWP's person centred framework is made up of 8 overarching principles and a of tools and approaches to help people to practically apply person Centred principles in all that we do.

This framework has been coproduced with people who access services, their carers, families, volunteers and staff colleagues.

The framework is for ALL of US whether we are connecting with people who access services & their carers or with each other as colleagues or partners.
